

- Women of the world event has inspired me to be confident and proud as a woman, as well as to be passionate about what I enjoy
- I enjoyed female empowerment and the advice we got from other women
- It gave me confidence to know that it's okay to not know exactly what you want to do and how important it is to do something that you enjoy
- I really enjoyed the event because I got loads of good advice from the mentors, they told me how to plan for future

Year 11 My Future Conference P1 - P4 – 4 speakers from varying industries.

Letters to parents re careers interviews and work experience dates

- 94% as a result of the day, better understand about the many different career options they have
- 95% as a result of the day, better understand the skills and qualities employers are looking for
- 95% as a result of the day, have the tools to access careers information and research
- 76% are interested in researching apprenticeships further
- 76% completed their CV
- 96% very much, mostly or did enjoy the day

Student quote

- It was very useful to get an insight into new career branches I have not heard of, and made the world of work seem more realistic by relating to younger employees and alumni of Ursuline

Yr 12 –MD Accenture Inspirational Talk all year group

Student quote

- She was so inspiring but realistic in her approach that life has ups and downs! We all thought what she had to say was very interesting and we really enjoyed listening to her speak.

Yr 12 – Ada Lovelace – Speed networking event – focus on jobs in the Tech industry

Student quote

- I found it rewarding because it allowed me to listen to women of high-ranking positions, who have had long careers of achievement, talk about their work and our futures in such an empowering way - especially within such a male dominated sector

Yr 13 –Digital Innovation speaker CapGemni – inspirational talk to all at the Celebration event

Student quote

- I really enjoyed hearing Priscilla speak and reminding us that there are so many possibilities for our future and so many jobs that don't even exist yet! Thank you for the inspiration

Y13 -Medic Mind Medics Programme

Student quote

- I found the workshops informative and really useful in particular the interview workshop and talking through the interview questions and what information interviewers are looking for in the answers, practising interview questions and receiving insider information about how interviews differ at different universities.
- The UCAT and BMAT workshops provided an in-depth insight into the different sections of each test, the universities who use each test, explanation of the weighting of the tests and also practice questions. It was an intense day although worthwhile two days!

Y13 -Creative Arts Sector event

Student quote

- The presentation was very informative as it explained clearly the different opportunities available for school leavers in the creative arts sector; in particular highlighting opportunities for students who wish to pursue entry level roles and students who wish to study at degree level. For example Buying and Merchandising and Marketing degrees.
