I will issue the books to students in the order that the reservation has been placed. When you log onto the reading cloud you will be able to see how many people have reserved the book in front of you, so please be patient as I expect there to be a lot of demand for these books.

If you would like to reserve a copy of one of the titles that we are awaiting delivery, please drop me an email and I will reserve the title for you.

Thank you

Mrs Toop
