

Planned roadworks and traffic disruptions

Works and events that may affect traffic in the borough.

10 January 2022

This bulletin provides advance notice of roadworks in Merton. We recognise that roadworks can cause inconvenience and we hope this information helps to minimise delays and allow you to plan alternative routes or choose more sustainable ways to travel.

Coronavirus (Covid-19)

The highway network is more vital than ever to keep key workers and emergency services moving, deliveries flowing and safeguarding the provision of utilities to support the NHS, local communities, homes and business. In line with government guidelines, essential roadworks are permitted to proceed, with contractors practicing social distancing measures.
