Serviam Activities

Students are encouraged to put their understanding of St Angela and our Core Values in to action through acts of Serviam. Below are some suggestions but you may wish to discuss with your form their own ideas and share what they have done. Encourage students to add their activities to their Serviam Passports.

- Make a positive message board in your house so you and your family can write messages to make each other smile
- Put on a performance for your family- dance, drama, skill, speech or what about stand up comedy!
- Make and send a card to someone you know who is in isolation
- Put a positive message up in your windows to make your neighbours smile
- Teach a friend a new dance routine or skill
- Organise a family games night
- Organise a Zoom/Houseparty for friends
- Reach out to someone in your form or year group who you don't normally talk to and check in with them about how they are doing during lockdown
- Help a younger sibling / friend with their schoolwork
- Take time to tell someone important why you are grateful to have them in your life – you could do this as a message, a letter or even in person.
- Prepare a Feast Day meal for your family – possibly Italian-themed in honour of St Angela!

Don't forget to update your Serviam Passport!
