126 Years of Living out our Ethos in the Spirit of St Angela Merici

STUDY SUPERVISOR

Part-time

4 days per week: 10 hours

Term Time Only

(From **Monday 14th January 2019**
until **Thursday 9th May 2019**).

An opportunity has arisen for a motivational Revision Club Supervisor at Ursuline High School. The role will involve supporting Year 11 GCSE students to organise their time and complete meaningful revision during Revision Club time.

The position is subject to enhanced DBS disclosure. The school is committed to safeguarding its students and post holders must be responsible for the safety of the students in their care. Applicants should be committed to working within the Catholic ethos of the school. Visits are warmly welcomed – please contact Mrs Martin, the Headteacher's Assistant PA.

Details and application forms via website address or from

Mrs Martin, Assistant PA to the Headteacher

Science Department General Information

About the School

The Ursuline High School has been established for over 125 years in Wimbledon and is an Outstanding Roman Catholic Girls school in the heart of Wimbledon. The Ursuline has a strong Catholic identity and mission based on the charisma of St Angela Merici.

Administrative Structure

Lessons in year 7 are mixed ability and so pupils are taught within their forms. Year 8 onwards is setted. We follow our own Scheme of Work based upon QCA standards. Key Stage three pupils have four, fifty minute lessons each week and we aim for one science teacher per group.

Key Stage 4 (starts from Year 9)

We follow the AQA Syllabus and the groups are setted. The top 90 students study the separate sciences leading to three GCSEs. Four other groups study GCSE Double Science.

Each group in Key Stage 4 has three science teachers for two lessons, each teaching their specialism.

Key Stage 5

We have a Sixth Form partnership with Wimbledon College.

At Ursuline High School we offer Biology and currently have two sets in Year 1 and Year 2. The course, like all of the sciences are linear. We offer Chemistry, with 2 sets in Year 1 and 2 and also have one Year 1 and one Year 2 Physics class. Each science delivers the AQA course over two years. Finally, we offer Applied Science Btec to two sets in Year 12 and 2 sets in Year 13.
