Governors Development Fund

- ▶ **The Governors Development Fund is the schools' parental contribution scheme.**
- ▶ As a Catholic Academy Trust school, we rely on good financial management of school funds and the fantastic generosity of our whole school community.
- ▶ Your support goes directly towards **enabling and enhancing the educational opportunities** for our students and **maintaining the exceptional environment** in which the students learn. In recent years, your contributions have supported many works including:
 - Refurbishment of student services
 - Construction of the accommodation of T Level Nursing
 - Katherine Johnson T Level Digital Building
 - Business and T Level Science
 - New roof at St Angela's
 - New doors, floors and heating upgrades/repair
 - Renovation of our main kitchen /dining room and Tennis courts
 - LED lighting and CCTV throughout the Main School.
- ▶ Additionally, The Fund contributes to the School's Chaplaincy programmes to sustain and develop the School's charism and ethos, and our Laptop Scheme which ensures all students have a laptop from Year 7 through to Year 13.

Governors Development Fund

- ▶ **The Governors Development Fund** also supports our **Laptop Scheme** which ensures all students have a laptop
- ▶ We suggest a donation of **£30 a month**, for the duration of the student's education at the Ursuline, and an initial deposit of £30 for the registration of all students. An **annual payment of £360** can be made if preferred.
- ▶ If your daughter qualifies for **Free School Meals** or if you are facing financial **constraints**, the school can offer support.
- ▶ Your ongoing support through involvement in school activities, volunteering, and fostering a sense of community is equally invaluable.
- ▶ Laptops are bought in bulk at the beginning of the summer term so that they are here for the year 7 start in September. **We therefore need all forms back from parents no later than Friday 23rd May.**
- ▶ We would like to thank our parent community for their generous contributions to the school.

Parent Engagement & Communications

- ▶ We are committed to ensuring parents are engaged in supporting their daughter's academic progress and personal development.
- ▶ Parents are given many opportunities over the year to meet with their daughters' teachers and tutors to discuss their progress, and in addition receive regular progress reports.
- ▶ We provide opportunities for parents to learn more about the world their daughters live in, through resource sharing, information evenings, and specialist sessions on issues such as online safety, well-being and mental health. We have an expansive [library of resources](#), all relevant for parents of adolescents. In addition, online safety specific resources can be found [here](#).
- ▶ In addition, we are committed to effectively communicating with our parents and carers about school life and news. We use a range of mediums including email, website, information meetings, communications from the Head and other staff, our suite of newsletters and social media.

Smart Devices

- ▶ **Smartphones and social media are huge safeguarding concerns** which you will be aware of due to ongoing research, campaigning and media attention. Indeed, many of you may have even signed the Parent Pact which has over 100,000 signatures. If you haven't you can find out more at [Smartphone Free Childhood](#).
- ▶ We are proud to say we have a clear policy in place regarding the use of phones and smart watches at school.

- ▶ **Please note that smart watches are NOT permitted on school premises.** Please ensure they are kept at home.

Social Media

- ▶ Academic research is clear that mobile phone use in school is a distraction and negatively impacts on test scores and overall progress. Therefore, regardless of the make/model, **phones are to be turned off prior to entering the school site and stored in their locked locker for the duration of the school day. Any phone/watch seen or heard around the school site, outside of lockers will be confiscated.**
