There are many practical ways to change:

[Click to see how you can take part in the British Council's Climate Change Challenge](#)

"We now understand this problem, we know how to stop the number increasing, and put it in reverse.. We must stop carbon emissions this decade. We must recapture billions of tons of carbon from the air. We must fix our sights on keeping 1.5 degrees within reach."

David Attenborough, COP26
Watch his COP26 speech [here!](#)
